

Peter Pan Playgroup Information Sharing Policy

We recognise that parents have a right to know that the information they share with us will be regarded as confidential, as well as to be informed about the circumstances when, and the reasons why, we are obliged to share information.

We record and share information about children and their families in line with the six principles of the UK General Data Protection Regulation (UK GDPR) and Data Protection Act 2018 which are further explained in our Privacy Notice that is given to parents at the point of registration. The six principles state that personal data must be:

1. Processed fairly, lawfully and in a transparent manner in relation to the data subject.
2. Collected for specified, explicit and legitimate purposes and not further processed for other purposes incompatible with those purposes.
3. Adequate, relevant and limited to what is necessary in relation to the purposes for which data is processed.
4. Accurate and where necessary, kept up to date.
5. Kept in a form that permits identification of data subjects for no longer than is necessary for the purposes for which the data is processed.
6. Processed in a way that ensures appropriate security of the personal data including protection against accidental loss, destruction or damage, using appropriate technical or organisational measures.

We are obliged to share confidential information without authorisation from the person who provided it, or to whom it relates, if it is in the public interest. That is when:

- it is to prevent a crime from being committed or to intervene where one may have been, or to prevent harm to a child or adult;
- or not sharing it could be worse than the outcome of having shared it.

The responsibility for decision-making should not rely solely on an individual, but should have the back-up of the Management/Supervisor. The Manager/Supervisor provide clear guidance, policy and procedures to ensure all staff and volunteers understand their information sharing responsibilities and are able to respond in a timely, appropriate way to any safeguarding concerns.

Procedures

Our procedure is based on the UK General Data Protection Regulation (UK GDPR) and Data Protection Act 2018 principles as listed above and the seven golden rules for sharing information in the Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers. We also follow the guidance on information sharing from the Local Safeguarding Children Partnership.

Our policy and procedures on Information Sharing provide guidance to appropriate sharing of information both within the setting, as well as with external agencies.

At Peter Pan Playgroup we ensure parents:

- receive a copy of our Information Sharing Policy when starting their child in the setting and a copy of our Privacy Notice to sign confirming that they understand the circumstances in which information may be shared without their consent. This will only be when it is a matter of safeguarding a child or vulnerable adult;
- have information about our Safeguarding and Child Protection Policy; and
- have information about the other circumstances when information will be shared with external agencies, for example, with regard to any special educational needs the child may have, or transition to school.
- Our staff discuss concerns about a child routinely in supervision and any actions are recorded in the child's file.

- Our staff routinely seeks advice and support from the Manager/Designated Safeguarding Lead about possible significant harm.
- Our Safeguarding and Child Protection Policy sets out the duty of all members of our staff to refer concerns to the Manager or Supervisor, as Designated Safeguarding Lead, who will contact children's social care (Integrated Front Door) for advice where they have doubts or are unsure.
- The Manager/Supervisor will seek advice if they need to share information without consent to disclose.
- We base decisions to share information without consent on judgements about the facts of the case and whether there is a legal obligation.
- Our guidelines for consent are part of this procedure.
- The Manager/Supervisor is conversant with this and they are able to advise staff accordingly.

Peter Pan Playgroup will:

- record concerns and discuss these with the Designated Safeguarding Lead and the Manager/Supervisor for child protection matters;
- record decisions made and the reasons why information will be shared and to whom; and
- follow the procedures for reporting concerns and record keeping as set out in our Safeguarding and Child Protection Policy.
- Our Safeguarding and Child Protection Policy and Children's Records Policy set out how and where information should be recorded and what information should be shared with another agency when making a referral.
- Where information is shared, we record the reasons for doing so in the child's file; where it is decided that information is not to be shared that is recorded too.

Consent

When parents choose Peter Pan Playgroup for their child, they will share information about themselves and their families. This information is regarded as confidential. Parents have a right to be informed that we will seek their consent to share information in most cases, as well as the kinds of circumstances when we may not seek their consent, or may override their refusal to give consent. We inform them as follows:

- Our policies and procedures set out our responsibility regarding gaining consent to share information and when it may not be sought or overridden.
- Parents sign our Privacy Notice at registration to confirm that they understand this.
- We ask parents to give written consent to share information about any additional needs their child may have, or to pass on child development summaries to the next provider/school.
- We consider the following questions when we assess the need to share:
 - Is there a legitimate purpose to us sharing the information?
 - Does the information enable the person to be identified?
 - Is the information confidential?
 - If the information is confidential, do we have consent to share?
 - Is there a statutory duty or court order requiring us to share the information?
 - If consent is refused, or there are good reasons for us not to seek consent, is there sufficient public interest for us to share information?
 - If the decision is to share, are we sharing the right information in the right way?
 - Have we properly recorded our decision?
- Consent must be freely given and informed - that is the person giving consent needs to understand why information will be shared, what will be shared, who will see information, the purpose of sharing it and the implications for them of sharing that information as detailed in the Privacy Notice.
- Consent may be explicit, verbally but preferably in writing, or implicit, implied if the context is such that sharing information is an intrinsic part of our service or it has been explained and agreed at the outset.

- Consent can be withdrawn at any time.
- We explain this in our Information Sharing Policy to parents.

Separated parents

- Consent to share need only be sought from one parent. Where parents are separated, this would normally be the parent with whom the child resides. Where there is a dispute, we will consider this carefully.
- Where the child is looked after, we may also need to consult the Local Authority, as 'corporate parent' before information is shared.

All the undertakings above are subject to our paramount commitment, which is to the safety and wellbeing of the child. Please also see our Safeguarding and Child Protection Policy.
